GREAT SALE OF LOTS! Public Sale on the Ground,

annual payments to suit purchasers, not exceeding four years. Terms more fully made known on the day of sale.

North Chillicothe is situated at the intersection of the Ohio Canal, with the Marietts and Cincinnati Bailroad, where a Freight Station is about being established, less than a quarter of a mile from the City of Chillicothe, which contained in 1851 about 5.500 inhabitants: since the completion of the Bailroad the population has doubled.

The site is in the rich and beautiful Valley of the Scioto, where the means of living are cheap and abundant. The facilities at this point for trade and manufactures are such as are rarely found united. It is is connected by Navigation and Railroad with all the great centers of trade, from New York to New Greans, including Cincinnati, St. Louis, and all the West and South-west. The great Coalregion of Ohio, traversed by both the Railroad and Canal, is less than thirty miles distant, and furnishes in great abundance several kinds of excellent Coal, at low prices.

For the last eighteen montils the commerce and industry of the country have been paralyzed, and many persons thrown out of Employment. We call the attention of these and all others who wish to establish themselves in a home, with a steady and profitable employment, to the great advantage of our village, and of a Commercial and Mutual Aid Association. Our plan is one of entire freedom and independence of each member, in his particular trade or employment; with aid from the Association to procure his materials, and sell his surplus products to the best markets. Several familes have already commenced on this plan.

A clear title will be given for the property sold, and it is at the option of the purchaser to join the Company or not as he may deem best. Suitable buildings, ferceted soon, can be rented for at least 12 por cent. on their cost. Attendance will be given and terms fully stated on the day of sale, by
